

# Adjusting your **YIMs**

## Step 1 >

Your waistband looks like this inside.

## Step 2 >

Adjust the button to the desired hole in the elastic.

## Step 3 >

Thread the elastic back into the buttonhole towards the front of the jean (you may need a pointy object to guide it in).

## Step 4 >

Buttons are now left exposed so you will need to hide them.

## Step 5 >

Now your jeans will look like this.....Ahhhhh Comfy!
